

Hello!

The Comedy Resistance is partnering with [VoteWithMe](#) as part of their official launch on Thursday, September 13th!

Getting comedy fans to use the VoteWithMe app is one of the best ways that the comedy community can make a difference in the 2018 midterms.

We're hoping you'll help to spread the word!

What is the VoteWithMe app?

VoteWithMe is a free app on iOS and Android that helps you find which of your friends are registered to vote in the closest races for Congress (marked with a fire icon.) Then it helps you text them with a reminder to get out to the polls.

VoteWithMe is based on research that says a simple reminder from someone you know can greatly increase your likelihood of voting.

Please help raise awareness of the VoteWithMe app!
